TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

To the inhabitants of the Town of Londonderry in the County of Rockingham, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town House in said Londonderry on Tuesday, the twelfth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the Town will vote to instruct the Selectmen to buy a portable stone crusher and to raise money necessary to procure the same.

4. To see if the Town will vote to raise the sum of three hundred dollars ($300.00), for the repairs of the interior of the Town Hall, and also to enlarge the rear of the

stage it being inadequate for the public purposes, and that the work be in charge of a committee of three to be chosen at this meeting.

5. To see if the Town will vote to accept the sum of one hundred dollars ($100.00), the income of which shall be expended by said Town in caring for the Metcalf Lot, in Pleasant View Cemetery, in said town, and a like sum of one hundred dollars ($100.00), the income of which shall be applied to the care of the Holmes Lot in the Cemetery near Col. Pillsbury's in said Town if said Town shall vote to accept said Legacy.

6. To see if the Town will vote to allow the Manchester Historical Society to take the Early and Proprietary Records of Londonderry for the purpose of printing the same.

7. To see what sum, if any, the Town will raise or set apart, for the purpose of State Road.

Given under our hands and seal this twenty-third day of February, in the year of our Lord 1907.

BOARD OF HEALTH REPORT FOR LONDONDERRY.

During the past year the Board of Health of this Town has been called to fumigate the houses where scarlet fever and other contagious deceases occurred ; none however proved fatal except a few cases of consumption. A few nuisances were investigated. The public should bear in mind the following, which is Section 12, of the Public Health Laws of New Hampshire. "If a person shall place, leave, or cause to be placed or left, in or near a highway, street, alley, public place or wharf, or shall allow to be exposed, unburied, any animal or other substance liable to become putrid or offensive or injurious to the public health, he shall be fined not exceeding twenty dollars."

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

To the inhabitants of the School district in the Town of Londonderry qualified to vote in district affairs; You are hereby notified to meet at the Town House in said district on the sixteenth day of March, 1907, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a member of the School Board for the ensuing two years to fill out the vacancy caused by the resignation of William G. Cross.

5. To choose a Treasurer for the ensuing year.

6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

8. To see how much money the District will raise and appropriate for the support of Schools.

9. To see what action the District will take for procuring water for the different schools, and pass any vote relating thereto.

10. To see if the District will vote to authorize the School Board to unite with one or more Town districts or special districts to form a Supervisory district for the purpose of employing a Superintendent of the public schools therein, under the provision of Chapter 77 of the Session Laws of New Hampshire, 1899, and to raise money to carry such vote into effect.

Given under our hands at said Londonderry this twentieth day of February, 1907.

ANNUAL REPORT OF SCHOOL BOARD.

It was thought by your chairman that it might be well to make a slight change in the written report this year; so your school board has reported in detail the schools of which they had special charge.

It is with great pleasure we report the steady progress of school No. 1, which began with the good work of Mrs. Richardson and was then taken up and carried on so faithfully by Miss Barndollar, who having the welfare of the pupils so much at heart, was able to arouse their enthusiasm so that now this school will compare favorably with any in town. Parents and friends of the school are truly grateful to her for the good work accomplished.

Of school No. 2 we would say that it always stands out very clearly as one composed of unusually interesting and dependable pupils. Under Miss Barndollar great progress was made. Then came a change of teachers, which under the circumstances, was especially to be regretted. However, Miss Bailey accomplished much good work, and was a teacher who by diligence and great patience accomplished good results.

School No. 5 is to be congratulated in retaining the services of Miss Bachelder during the year, thus being able to make steady progress, without change of methods, and the many interruptions that result from such changes. Miss Bachelder is a teacher that fully deserves the high appreciation in which she is held by pupils and parents.

Your committee in the north part of the town had special charge of Districts 6-7-8. Number 6 was unfortunate in having a change of teachers each term. When each teacher does her best the change must necessarily retard the progress of the school.

The spring term was taught by Miss Katherine Greeley.

This was Miss Greeley's first experience in teaching, and in some ways she showed marked ability.

The fall term was taught by Miss Z. Grace Stevens a teacher of experience and thorough in her work.

The winter term was taugnt by Miss Bertha Griffin of Litchfield who was interested in her work and gave good satisfaction.

We regret to note in looking over the School Register, the large number of dismissals during the year. This school is of medium size and is favored in some ways. While it is an average with the other schools in town we feel that with an energetic teacher and the co-operation of the parents it should be pushed more to the front.

No. 7 has been more fortunate in having the same teacher, Miss Luella M. Campbell, throughout the year. This is one of the largest schools in town, but Miss Campbell seemed equal to the task and managed the school in a pleasant manner, with good results.

No. 8 is another of the largest schools in town with more pupils in higher grades than any of the others, but has also been unfortunate in change of teachers.

The spring term was taught by Mrs. Marion Watts a teacher of experience and a graduate of the State Normal school. Her health failed and she was obliged to give up the work.

The fall term was taught by Miss Mary L. Mooar of Manchester who came highly recommended and sustained her reputation. Under their efficient management good progress was made in the different branches.

The winter term was taught by Miss Grace Stevens who was transferred from No. 6. On account of sickness your committee was unable to be present at the closing exercises. We have no doubt but that Miss Stevens' reputation as a successful teacher would be fully sustained.

We hope that parents will make an effort to have their

children regular in attendance; by so doing better progress can be made and the school be more satisfactory both to parents and teachers.

The member of the School Board under whose special supervision are district Nos. 3, 4, 9 and 10, feels that the teachers in these schools have labored faithfully for the advancement of the children under their care, and that special praise is due school No. 3, under the instruction of Miss Hadley, for the excellent progress made in arithmetic, physiology and geography. Also in school No. 4, for advancement in geography, physiology and English.

The pupils of No. 10, were conveyed to the room of No. 9, which was taught by Mr. King. Although this school has been very unsatisfactory in the past, Mr. King entered upon his duties under these discouragements and has succeeded in arousing a great deal of enthusiasm having several that are striving to enter Pinkerton Academy at its next commencement. Commendable progress has been made in arithmetic, physiology, English and book-keeping.

In district No. 9 and 10, we feel compelled to urge upon the parents the necessity of regular attendance of the pupils at every session of school, there being a very large number of absences noticed in these districts.

REPORT OF BOARD OF HEALTH.

During the past year the Board of Health of this town has been called to fumigate the houses of a few contagious diseases. We have had a few cases of diphtheria, but none fatal.

We would like to quote right here a brief item contained in the April number of Sanitary Bulletin, for the benefit of those who are not acquainted with the law in regard to contagious diseases:

"We are often asked if children affected with chicken-pox, measles, mumps, whooping-cough, etc., must be kept out of school. The answer is emphatically Yes." The law is as follows:

"Section 7. No parent, guardian, person or persons having the custody of any child shall permit such child, if infected with any communicable disease, or has been exposed, to attend any public or private school.

S. P. ROBIE, } For the Board of Health.

ANNUAL REPORT

OF THE

TRUANT OFFICER, SEDLEY A. LOWD.

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS

To the inhabitants of the School District in the Town of Londonderry qualified to vote in District affairs ;

You are hereby notified to meet at the Town House in said district on the fourteenth day of March, 1908, at 2 o'clock in the afternoon to act upon the following subjects :

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors and Committees or Officers chosen and pass any vote relating thereto.

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

7. To see how much money the District will vote to raise and appropriate for the support of schools.

8. To see if the District will vote to authorize the School Board to unite with one or more Town Districts or Special Districts to form a Supervisory District for the purpose of employing a Superintendent of the public schools

therein, under the provision of Chapter 77 of the Session Laws of New Hampshire 1899, and to raise money to carry such vote into effect.

Given under our hands at said Londonderry this twenty second day of February, 1908.

ALMIRA A. CROWELL,
FRANK E. ROBIE,
MABEL F. M. NEVINS.

ANNUAL REPORT OF SCHOOL BOARD.

The school situation can be more definitely understood by the committee in charge reporting the schools under their special supervision.

The chairman has visited every school, noting the condition of the school buildings, which, with one exception were in clean and sanitary condition.

We think the teachers and pupils will compare favorably with any other town. In regard to text books.

Our Geographies were used as closely as possible with the view of making a change throughout at the spring term.

We have adopted the Frye Geography. Instead of three books there will be but two; the first and second complete in one book; which will avoid so many changes among the pupils. The Grammar Grade prepares the student for the High School, in that study. Numbers six, seven and eight were under my special charge and with interest I have visited these schools from time to time.

The Spring and Fall terms of No. 6 were taught by Miss Cora L. Smith of Hudson.

Miss Smith's labors were satisfactory to pupils and parents and good results were manifest.

The winter school was in charge of Miss Hattie L. Magoon, a graduate of Manchester High School, and, under her management there is no reason why the pupils should not be prepared to enter the High School. This school is among the first in the evidence of respect for any privileges allowed them.

Destruction is not manifest.

No. 7 school was very fortunate in their teacher for the Spring term.

Miss Ida M. Crowther was a teacher of energy who infused her pupils with the same spirit. It is rare to visit a school of fifty one scholars governed with the precision and ease with which Miss Crowther managed the school, and credit is due the children for good deportment and prompt recitations. Progress seemed to be their motto. Her strength would not allow her to continue her work here and she felt obliged to give up the school at the end of the first term.

The Fall and Winter terms were taught by Miss N. Gertrude Pyne, a graduate from the Lowell High school, with two years in the Normal school, and some experience in teaching in ungraded schools.

This school appears anxious to advance and this desire should encourage the teacher. If thoroughness is considered by teacher and parents, progress will reward their efforts.

Miss Pyne was especially careful in number work, which should be encouraged more in all the schools.

No. 8, one of the largest and most varied schools in town, was in charge of Miss Florence C. Center of Litchfield. Miss Center was thoroughly qualified to answer any question that could be asked, in common school grades without hesitation, and we feel confident that she was a conscientious teacher, doing her best for the welfare of her pupils.

The suggestions in regard to visiting schools No. 1 and 5 will apply with equal force to No. 8. Parents are most earnestly urged to visit the school and thereby encourage both pupils and teacher whoever she may be.

Your Committee in charge of districts No. 2, 3, and 4, although inexperienced in this line of labor, feels thoroughly satisfied with the advancement made in the above Schools the past year.

The Spring term at district No. 2 was under the charge of Mr. George Robie who labored faithfully and well as was proved by results.

The fall and winter terms were under the care of Miss Annie Babcock who captured the respect of the pupils at once, the enthusiasm aroused was something wonderful. Progress was remarkable.

The three terms at district No. 3 were taught by Miss Ida Furber and much could be said of the steady and healthy advancement under her faithful care.

The Spring term at district No. 4 was under the efficient supervision of Miss Lillian Miller. We received with regret her resignation. However we were fortunate in securing Miss Pearl Reid for the Fall and Winter terms. Although this was Miss Reid's first experience at teaching she soon demonstrated her ability in that line. We feel she has made no mistake in choosing her vocation.

During the year School No. 1, taught by Miss Frances Barndollar, has made a good degree of advancement. Anyone who has visited this school during the year could scarcely fail to note these three characteristics: Neatness—shown especially in the appearance of the school room, excellent discipline, and a close application to studies.

We consider ourselves fortunate indeed in securing and still retaining the services of Miss Barndollar.

Both the teacher and the pupils of School No. 5 have done excellent work. Mr. George W. Robie seems to be the right teacher in the right school. Mr. Robie certainly pos-

sesses, to a remarkable degree, the ability to remove much of the monotony sometimes attendant npon reading, arithmetic and grammar, and to make these, as well as the other subjects, alive with interest to each pupil.

Although the number of pupils in this school is small, the time is fully occupied with pleasant and profitable work.

It is not an easy matter to report the conditions in School No. 9 and at the same time to do justice to the work of pupils and teachers, on account of the frequent change of teachers during the year.

Mr. Carroll S. King taught the Spring term here very creditably.

Miss Anna Barndollar taught the Fall term, and just as she was fairly started in the work, and giving promise of being a fine teacher, was offered a more lucrative position in a wholly different line of work, which she accepted.

Miss Maria Pillsbury acted as Miss Barndollar's substitute during the remainder of the term, and great praise is due her for so successfully carrying out the plans of her predecessor that the work of the term was completed with but slight interruption.

The strong effort made to retain Miss Pillsbury as teacher in the school was without avail.

The Winter term was taught by Miss Ethel Fraisher who, on account of her painstaking efforts, aided by her former experience, was enabled to accomplish much good work.

We are pleased to state that the parents and friends take a decided interest in the welfare of this school, and the fact is equally true of Schools Nos. 1 and 5.

We mention this for the reason that we deem it a valuable aid to teachers and pupils and a matter of great encouragement to the School Board.

We think No. 10 District can be congratulated in having a school within walking distance.

As Derry reopened her No. 3 school, the pupils near the border line were permitted to attend school there for the reasonable consideration of six dollars and twenty-five cents ($6.25) per week, the same amount we paid for conveyance to No. 9 school the previous year. We hope the same arrangements can be made the coming year.

TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

To the Inhabitants of the Town of Londonderry in the County of Rockingham, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said Londonderry on Tuesday the ninth day of March next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same. For the support of schools, for the maintainance of the Poor, for the repairs of Roads and Bridges, for Memorial Day, and for any articles embraced in this Warrant.

3. To hear the reports of Agents, Auditors, Committees and all other Officers herein included and pass any other necessary articles.

4. To see what sum of money the Town will vote to raise for the suppression of the Gypsy and Brown Tail Moths.

5. To see what sum the Town will vote to raise for High School Tuition.

6. To see what sum the Town will vote for State Roads.

7. To see if the Town will vote to instruct the Selectmen to buy a portable stone crusher and to raise money necessary to purchase the same.

8. To see if the Town will vote to raise $500.00 to repair the Town Hall and a Committee of three be appointed by the Moderator to do the same.

9. To see if the Town will vote to build a Fence around Pleasant View Cemetery.

10. To see if the Town will vote to sell lots in Pleasant View Cemetery to parties out of Town.

11. To see if the Town will vote to have a new appraisal of the real estate in town and elect officers for the same.

Given under our hands and seal, this Twentieth day of February, in the year of our Lord nineteen hundred and nine.

REPORT OF BOARD OF HEALTH.

Early in 1908 there were several cases of diphtheria, a few resulting fatally.

There was also quite an epidemic of measles, 'though but few cases were reported to the local Board. In this connection we wish again to call attention to the law requiring all cases of contagious or infectious diseases to be reported to the Board of Health, under penalty of a fine of ten dollars.

This law applies to heads of families, when no physician is called, as well as to physicians, and should be observed by every one interested, so that such measures of quarantine may be established as may be needed for the protection of the family and the community. We are expected to report to the State Board of Health, each week, all known cases of such diseases, and their progress and termination, which is an additional reason why we should be informed of every case. This includes smallpox, diphtheria, membranous croup, scarlet fever, typhoid fever, measles, also pulmonary consumption.

We have had to render some assistance to people in quarantine the past year.

In the case of the mad dog at Londonderry depot, by which one person was slightly bitten and several narrowly escaped; we sent the head to Hanover for examination and the diagnosis of rabbies was confirmed.

Respectfully submitted,

WM. RICHARDSON, M. D.
SAMUEL P. ROBIE,
FRED E. ANNIS,

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

To the Inhabitants of the School District in the Town of Londonderry, qualified to vote in District Affairs

You are hereby notified to meet at the Town house in said district on the 13th day of March 1909 at 2 o'clock in the afternoon, to act upon the following subjects;

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of Schools.

8. To see if the Districts will vote to authorize the School Board to unite with one or more Town Districts or Special District to form a Supervisory District for the purpose of employing a Superintendent of the public schools therein, under the provision of Chapter 77 of the Session Laws of New Hampshire 1899, and to raise money to carry such vote into effect.

9. To see how much money the District will raise for the repairs of School Buildings.

Given under our hands at said Londonderry, this twentieth day of February 1909.

ANNUAL REPORT OF SCHOOL BOARD.

The Board has followed the custom of past years in that each member has had three schools under their special supervision.

Schools have been maintained 33 weeks with the exception of number two which was closed at the end of 30 2-5 weeks on account of Scarlet fever in the district.

On the whole the Board have been very fortunate in the selection of teachers.

Miss Annie E. Babcock of Manchester, taught the spring term in No. 2, she is a teacher with superior qualifications. Miss Marjory H. McDougall of Manchester, taught the fall term (except the first week), and Miss Grace D. Abbott of Leominster, Mass., the winter term, this school has changed from an easy to a hard school and only teachers of experience should be engaged.

District No. 3, was taught by Miss Mina A. Boyd of Newton Center, Mass., and No. 4 by Miss Pearl A. Reid of this town, no better praise can be said of Miss Reid and Miss Boyd than we hope they can be secured for next year.

The member of the School Board having charge of Schools Nos. 1, 5, 9 and 10, feels well pleased with the faithful work accomplished in all these schools.

Districts Nos. 5 and 9 are to be especially congratulated in being able to retain the services of their teachers through out the year.

School No. 1 was successfully taught during the spring term by Miss Frances Barndollar. It, however, was impossible to retain her services longer as she had further plans for perfecting her education. She has our best wishes for success in her life work as a teacher.

During the fall and winter terms, School No. 1 was most faithfully taught by Miss Esther Palmer, who is certainly a teacher of ability and great thoroughness.

While many of the parents made an effort to have their children regular in attendance, some did not, and we would like at this time to call the attention of all parents to the great need of constant and punctual attendance of pupils and earnestly ask your support and co-operation in this matter so that the coming year may be one of great progress.

School No. 5, was fortunate in retaining the services of Mr. George Robie during the year. With a few exceptions this is a primary school and Mr. Robie seems especially fitted for primary teaching and the progress made in this school was certainly very pleasing to all interested.

Schools No. 9 and 10 have been taught throughout the year by Miss Etta Dickey. Miss Dickey is a teacher of great experience and rare merit and too much cannot be said in praise of her work. Parents and pupils have united with her and thus have her unceasing labors and untiring efforts been crowned with success.

The school in No. 6 has been taught for the last year under the direction of Miss Hattie Magoon.

We believe her to be a conscientious and painstaking teacher; sympathetic relations to a good degree existed between pupils and teacher.

No. 7 has been somewhat handicapped by too frequent

changes of teachers. The first term was taught by Mr. Lewis A. Sheafe. of Amesbury, Mass., a man who gave the best there was of him to his work, and a great gain was made during the term especially in discipline; at the close of the term he resigned, yet we were fortunate in securing the services of Miss Maude Mansfield, of Manchester, who taught the remainder of the year and did good work.

Both the teacher and pupils in No. 8 have done excellent work, and throughout the year Mrs. Marion Watts, the teacher, has demonstrated her former abilty to manage this school.

We heartily commend the parents and citizens for the interest taken, which was manifested by the large number of visitors.

TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

[L. S.]

To the Inhabitants of the Town of Londonderry, in the County of Rockingham, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said Londonderry on Tuesday the eighth day of March next at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary for the maintenance of the poor, for the repair of roads and bridges, for Memorial Day, and for any articles embraced in this warrant.

3. To see what sum of money the Town will vote to raise for the suppression of the Brown Tail Moths.

4. To see what sum of money the Town will vote to raise for High School Tuition.

5. To see what sum of money the Town will vote to raise for State Highways.

6. To see what sum of money the Town will vote to raise to repair the Town Hall.

7. To see if the Town will vote to raise the sum of two hundred dollars for the purpose of printing and preserving the early Town records, said appropriation to be used in connection with the sums already voted by Derry and Windham for the same purpose, and to continue the work begun with the appropriation made Mar. 15, 1905.

8th. To see if the Town will vote to accept a legacy of three hundred dollars ($300) given by Orra A. R. Coburn, deceased, in her last will, to said Town in trust, the income of which is to be expended annually by said Town in taking care of the Daniel G. Coburn burial lot, and of the monument thereon, situated in Sunny Side Cemetery in said Londonderry, and in cutting the grass once each year on said lot and in keeping said lot in good shape and in keeping the headstones standing erect of the following named persons, to wit: Isaac Coburn and his wife, Sarah Coburn, Joel Coburn and his wife Harriet F. Coburn, Hannah Coburn and Martha Coburn, who are buried in said Cemetery, and in cutting the grass on the lots in which they are buried once each year.

9. To hear the reports of Agents, Auditors and Committees and all other officers heretofore chosen and pass any vote relating thereto.

Given under our hand and seal this nineteenth day of February, in the year of our Lord nineteen hundred and ten.

TRUSTEE'S REPORT.

We have purchased this year forty-one (41) volumes, and have tried to present to the readers of the Library some books of lasting value, that the Library, while furnishing some entertainment, yet may be accumulating some books of more enduring nature, and we recommend to readers that the books of travel be read as they are the products of the best informed thoughts about each country treated.

The volumes added during the year are as follows:

Mexico, and her People of Today, Nevin O. Winter.
My Days and Nights on the Battlefield, C. C. Coffin.
Following the Flag, C. C. Coffin.
Four Years of Fighting, C. C. Coffin.
Winning his Way, C. C. Coffin.
Our Little Brazilian Cousins, Mary F. Nixon Roulet
Our Little Cuban Cousins, Mary Hazelton Wade.
Neighbors' Wives, J. T. Trowbridge.
Annie of Avonlea, L. M. Montgomery.
The Story of the Gavelys, Marshall Sanders
Bob Hampton of Placen, Randall Parish.
The Haunters of the Silence, Chas. G D. Roberts.
The Man in the Case, Elizabeth Stuart Phelps.
Conquest of Canaan, Booth Tarkington.
Fairy, Autobiography of a Real Dog, Esther M. Baxendale.
Yolanda, Chas Major.
Sir Nigel, A. Conan Doyle.
That Printer of Udell's, Harriet Bell Wright.
A Heritage of Peril, A. W. Marchmont.
Elam Storm, the Wolfer, Harry Castleman.

REPORT OF BOARD OF HEALTH.

Early in the year there was an outbreak of scarlet fever, on account of which it seemed advisable to close a school for a time. No epidemic followed, though there were a few other cases during the year.

There were several cases of diphtheria and measles but no epidemic, and no fatalities.

We have found it neccessary to assist a few families while in quarantine.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE,

To the Inhabitants of the School District of the Town of Londonderry qualified to vote in District Affairs.

You are hereby notified to meet at the Town Hall, in said District on the twelfth day of March, 1910, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a member of the School Board for the ensuing year to fill out the vacancy caused by the resignation of Nellie F. Gould.

5. To choose a Treasurer for the ensuing year.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see how much money the District will raise and appropriate for the support of Schools.

9. To see how much money the District will raise and appropriate for the support of Schools, in addition to the amount required by law.

10. To see how much money the District will raise and appropriate for High School and Academy tuition.

11. To see how much money the District will raise and appropriate for the repairs of School Buildings.

12. To see if the District will vote to authorize the School Board to unite with one or more Town Districts or Special District to form a Supervisory District for the purpose of employing a Superintendent of the Public Schools therein, under the provision of Chapter 77 of the Session Laws of New Hampshire 1899 and to raise money to carry such vote into effect.

13. To transact any other business that may legally come before said meeting, and to raise and appropriate money for the same.

Given under our hands at said Londonderry this seventeenth day of February, 1910.

MABEL M. N. ADAMS,
FRANK E. AVERY } School Board.

A true copy of Warrant, attest:

ANNUAL REPORT OF SCHOOL BOARD

The Chairman of your school board would report to you at this time much good work accomplished by teachers and pupils throughout the year.

Much thought has been given to this question: How can a desire to study be aroused in the children? This certainly seems a very difficult problem for both school board and teachers to solve,not only in Londonderry but throughout the whole country.

It would seem to your school board that support of the teachers by the parents would help the best interests of our schools in a great degree. Visit the schools, invite the teachers to your home that you may become acquainted with her, and support her in every way possible, by uniting your efforts with hers for the better education of your children.

It has been our policy to retain teachers whenever possible and when a change has been necessary, to obtain the best teachers available.

We would call special attention to Article 12 in the school warrant, and trust at the Town School Meeting, after discussion, it will be thought advisable to adopt this article and secure the service of a Superintendent.

Under the laws of 1909, Chap. 88, Section 2, the school board is required to state in detail the sums of money which will be required during the ensuing fiscal year: They are as follows:

1 Amount of money for text books, $150.00.

2 Amount of money for scholars supplies, $150.00.

3 Amount of money for flags and appurtenances, $25.00.

4 Amount of money for High School and Academy tuition, $700.00.

Most of our school houses are in fairly good repair, while others need a thorough renovating. New seats and desks are certainly needed in school houses 7 and 9.

Special attention of the parents is called to Section 2, Article 3, of the session laws of 1909.

"To all towns having an equalized valuation per pupil of $3000 or more and less than $4000, the sum of $1.25 per school week for every 25 pupils or major part thereof, of average attendance for the year next proceeding."

It is, therefore, for the interest of every tax payer that we get all children of school age into school and insist upon regular attendance. "The parent who detains a child at home who ought to be in school is taking just so much out of the district."

Early in June Mrs. Nellie F. Gould's resignation was accepted, not however, without a feeling of great loss, as Mrs. Gould was a lady of marked ability, a teacher of merit, and was especially fitted to advise and direct the schools in her section of the town.

After conferring with the State Superintendent it was decided not to fill the vacancy, unless required to do so, in accordance with the usual custom when a vacancy on the school board has occurred.

On account of Mrs. Gould's resignation, your chairman, having direct charge of schools Nos. 1, 5 and 9, also took charge of schools Nos. 6, 7 and 8, and will report these

schools to you in detail, while Mr. Avevy will report the three schools under his supervision, Nos. 2, 3 and 4.

School No. 1 was fortunate indeed in retaining the services of Miss Esther Palmer who continued the excellent work begun the previous year. Too much cannot be said in praise of her thoroughness.

School No. 5 has been taught throughout the year by Miss Fannie M. Still. Miss Still is to be congratulated upon her ability, in at once securing the cooperation of the parents and scholars, which was shown by the marked improvement during the year. Many of her classes at the examination, though small, would compare well with any in town.

School No. 6 has been most successfully taught during the year by Miss Hattie G. Magoon, who, under the direction of Mrs. Gould at the beginning of the spring term, continued to direct the pupils along the same lines during the year with excellent results.

School No. 7 was taught during the Spring term by Miss Maude Mansfield, a teacher much liked by parents and pupils of this district.

The Fall and Winter terms were under the direction of Miss Edith Grant who came well recommended as a teacher of merit and ability and who fully sustained this reputation. The general exercises and the brightness of the school make a favorable impression on visitors.

School No. 8 was taught during the Spring term by Mrs. Marion Watts, a teacher who has obtained excellent results in the school, and one whom the district was sorry to lose.

The Fall and Winter terms were under the instruction

of Miss Pearl Reid, who at once obtained the respect and confidence of parents and pupils, and it was evident that great care and attention had been given to all the studies.

School No. 9 was taught during the Spring term by Miss Etta Dickey with entire satisfaction to all. The school throughout the term was a model one and we regret exceedingly that we were unable to retain her services for the remainder of the year.

Under the direction of Miss Nellie Merrill school No. 9 continued to do good work. It was a noticeable fact that her pupils responded most kindly to her efforts in their behalf. One of the remarkable features of this school is the talent shown by most of the pupils in drawing.

School No. 2 was taught by Miss Mina A. Boyd the three terms, and although there has been some dissatisfaction, we think the school has made good progress, and we would like at this time to call the attention of all parents to the great need of constant and punctual attendance of pupils, and earnestly ask your support and cooperation in this matter.

School No. 3 was taught by Miss Marion H. Barrett, and we think very good work has been done. Three scholars have passed the examination for the high school at Nashua the past year.

School No. 4 the Spring term was taught by Miss Pearl A. Reid, and as she desired a larger school, she was exchanged to No. 8 and the Fall and Winter term was taught by Miss Gwendolyn Woodbury of Manchester, and we think good work was done. Much credit is due Miss Woodbury as this was her first experience as a teacher.

You are hereby notified to meet at the Town House, in said town on Tuesday, the fourteenth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers and Agents for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary, for the support of schools, for the maintenance of the poor, for the repair of roads and bridges, for Memorial day, for lighting streets and for any articles embraced in this warrant.

3. To hear the reports of Agents, Auditors, Committees and all other Officers heretofore chosen, and pass any vote relating thereto.

4. To see what sum of money the Town will vote to raise for the suppressing of the Brown-Tail moths.

5. To see what sum of money the Town will vote to raise for State Highways.

6. To see if the Town will vote to purchase the Grange curtain located in the Town Hall and appropriate money for the same.

Given under our hands and seal, the 25th day of February, A. D., 1911.

REPORT OF BOARD OF HEALTH.

The duties of the board for the past year have been mostly of a routine nature, disinfecting houses after contageous diseases, investigating minor complaints, etc.

There has been no epidemic of contageous diseases, those occuring being purely local and isolated.

TO THE BOARD OF EDUCATION

OF THE TOWN OF LONDONDERRY SCHOOL DISTRICT.

I herewith submit my first annual report to the citizens of Londonderry.

Your decision to employ a superintendent of schools was the result, I assume, of your desire to have better schools. I feel that you will wish me to state frankly and fearlessly my opinion in regard to the conditions as I have found them, and to make whatever recommendations may seem wise as to how they may be improved.

I have been pleasantly surprised at the excellence of our school buildings; with the exception of that in District No. 9, of which I shall speak later, they are large and well lighted, and in good repair. A moderate expenditure year by year should be made to keep them so. The out buildings are generally in good condition; some repairs have been made at No. 1, and some are needed at No. 9. There is an important respect in which these buildings are seriously at fault, and that is that the entrance to the boys' room and that to the girls' are not widely enough separated. It is wise when possible to have the doors enter from opposite sides of the building, instead of side by side, and even to separate the two entrances by a high fence. In the case of many of our out buildings a very slight alteration would accomplish this, simply the boarding up of one door and the cutting of another.

In the matter of text-books I found the town well equipped with everything except matter for reading and reference. Reading is usually the first subject on which a superintendent begins his work, and so it was with me. I found that a good many of our teachers were not succeeding in getting results in reading; in too many cases pupils were merely pronouncing the words without any expression at all, and apparently without any appreciation of what they were reading. I have tried to improve this condition by showing the teachers the underlying principles of teaching the subject, and have noted some improvement. The amount of available reading matter has been generously added to during the year, and more will doubtless be bought next year. I hope soon to have our children taught reading as well as they are in other places.

We have had, on the whole, an efficient force of teachers. I have of course seen a great deal of poor teaching, but that, I am afraid, is to be expected for some time yet. Too many teachers merely hear lessons instead of teaching; it is altogether too rarely that we find a teacher throwing the text-book in Geography or Arithmetic aside, and teaching the subject instead. We are curiously enslaved to the text-book idea; I have in one or two cases found it very difficult to arrange a teacher's daily time table for her because she did not dare to let William and Harry and Bessie all read together and save hearing three classes. "Why! Bessie is in the Fifth Reader, while Harry is not through the Fourth, and William has only just started it. And in Arithmetic William hasn't finished long division yet, while Harry is almost over to Fractions." We must get rid of this bondage to the book, and allow our teachers to teach the subject. In one of my best rural schools the greater part of the Arithmetic is done orally,

and in this work practically all the upper school recite together. In Reading no school ought to have over four classes; in Geography never more than two; History, two; Grammar, one; Spelling, perhaps three. By this cutting down the number of classes we give teachers time for longer periods and more real work, and gain greatly needed time for such subjects as language, nature-study, drawing, and—some day—manual training and sewing.

But I started to tell about our teachers. I feel that we ought in filling vacancies in our teaching force to insist that none but normal-trained women be employed. The untrained girl does the best she can, but she herself would probably be the first to acknowledge her need of training. Above all is it poor policy to hire inexperienced teachers with no training; money spent on schools under such is not infrequently wasted, and it takes a long time to get the school back where it ought to be. The selection and nomination of all teachers should be by the superintendent, their election by the school board; he has an acquaintance with the sources from which teachers are to be had that makes it far more possible that his selection will be a wise one than is the case when the choice is made by the School Board. His nominees should come before the Board for election, but the Board should not do the selecting.

We are trying to get our schools graded in accordance with the State Program of Studies. This is however a matter that requires considerable time; by a year from now doubtless it will be completed. When that is done we shall have eight grades, with each grade at work upon the same studies as are pursued all over New Hampshire in that grade. Each year the children will advance, and at the end of the eighth

grade will come the certificate that admits to the Academy. Even now, of course, the superintendent's recommendation is sufficient for entrance to Pinkerton; no Londonderry children will have to be examined at the Academy this summer. It is hoped that this relief from a trying ordeal may encourage all of our eighth grade pupils to attend Pinkerton and obtain the benefits of a high school education.

We have received from the Woman's Relief Corps a gift of handsome flags for the interior of our schools. These are welcomed with pleasure and gratitude by us all, and our thanks are extended for them. Each school in town now has the American flag placed prominently in view of every scholar.

At District No. 9 we have a school that is very much overcrowded. Next spring there will probably be over thirty pupils here with a building none too large for one third that number. I urge upon the town the need of an appropriation large enough to remodel or replace this building and to equip the new one with single desks and slate blackboards. The school will never be up to the proper standard as conditions are now; with a suitable building it will soon be one of our best schools.

I wish to urge the people of Londonderry to make me in the fullest sense their own servant; to bring to me all matters concerning the schools; and especially to point out to me any cause for dissatisfaction with them. We are all working for the same end, which is to provide our children with the best education possible; it is only by working together that we can attain it. Criticism is of great benefit when it leads to an improvement of conditions, but this is possible only when the criticism is made known.

I regret that my term of service has been so short that thus far I have been able to do hardly more than look the field over. I have had time enough however to see many places where work is needed. We need organization, system; we need one person who is working six days out of the week on schools like ours to take ours and make them a part of his school system; to see that we have just as good teachers as our money will hire, and that we have the same things for our scholars to work with that they have in other places; to look to it that what we spend for books and supplies is spent wisely and economically; to stand by our teachers with aid and counsel; to look after the truant and the delinquent; in brief to manage our schools as a manufacturer wants his business managed.

I thank both School Board and citizens for the courtesy and kindness that I have at all times received, and promise my best efforts in making our schools as good as we all wish them to be.

ARTHUR W. REYNOLDS,
Superintendent.

ANNUAL REPORT OF SCHOOL BOARD.

Your School Board organized with Mr. Frank Avery chairman, and Mrs. Mabel Adams, secretary; but at the next meeting of the Board, in accordance with the urgent request of Mr. Avery, Mrs. Adams was made acting chairman for the year.

We would again call your attention to Section 2, Article 3, of the Session Laws of 1909, which provides that a certain sum of money, in proportion to the average attendance of pupils, be paid the town by the State.

This year, owing to an increase in our average attendance, we received from this source $158.75

Is it not then evident to all tax payers (speaking merely from a financial point of view) that it is for their interest to aid in securing perfect attendance of all children of school age at our public schools?

With that purpose in view, we have given diplomas to every child that has been perfect in attendance during the year, sickness excepted.

We have also divided our schools into three sections and given a beautiful framed picture to the school in each section having the highest per cent of attendance. The schools receiving these prizes are Nos. 4, 5, and 6. In this connection we wish to thank parents, and all those having charge of

children of school age, for their hearty co-operation along this line.

In last year's report your attention was called to the fact that school houses 7 and 9 were much in need of extended repairs. As school house No. 7 was apparently in the worse condition the following repairs were made under the direction of Mr. Arthur Evans. This school house was painted outside, shellaced and varnished inside, side walls painted, ceiling whitened, one side shingled and new single seats added.

Not having money enough left, from the $300 raised for repairs, to place school house No. 9 in a suitable condition, it was thought best to use the balance of the money in making necessary repairs on other school houses.

This year the school houses needing repairs are Nos. 9, 8, 6, and 2.

Under the laws of 1909, Chapter 88, Section 2, the School Board is required to state in detail the sums of money which will be required during the ensuing fiscal year.

They are as follows:

1.	Amount of money for text books,	$150 00
2.	Amount of money for scholars' supplies,	150 00
3.	Amount of money for High School and Academy tuition,	800 00
4.	Amount of money for flags and appurtenances,	25 00

Last year, at the town school meeting, it was voted to unite with the towns of Derry and Windham to form a supervisory District.

The school year beginning in September your committee were unable to secure the services of the Superintendent until

that time. The spring term, therefore, was under the direction of your School Board as in previous years.

At a Supervisory District meeting held in May the District voted to offer to Supt. Reynolds a salary of $1400.00 for the year. This offer was accepted.

The apportionment of time was as follows: Derry three days, Windham one day, and Londonderry one day in each week, our town paying the sum of $280.00, one half of which is received from the State.

At a meeting of your School Board, it was thought best --on account of so small a proportion of time, so large a number of schools and distances so far between school houses— for the Superintendent to give his entire attention to visiting our schools and instructing our teachers.

As in all other business, a certain amount of time must be allowed to show results, so it is with the work of our Superintendent, the time has been so short, we are unable to report results, but would call your attention to Supt. Reynold's report in which he has endeavored to tell you something of what he has done and also what he hopes to accomplish in the future.
